Wellington Your Project Management Partner

As a Microsoft Gold Partner with the Project & Portfolio Management (PPM) specialization we are one of Microsoft's top partners for Project Server in the UK. We compliment this with in-depth expertise in project management best practice; including methodology development & PMO setup.

PPM in a Box™, our pre-built Microsoft Project Server 2010 deployment package is designed to get your organisation up and running with Project Server 2010 within 12 days at a fixed price!

The PPM in a Box™ package includes:

- Enhanced Pre-Built Project Server 2010 configuration, including; dashboards, reports, views and project site design
- Requirements workshops & process design
- Customisation to your processes
- Local Installation or free 60 day hosting
- "Quick Tips" training videos
- Administrator & user training
- Post deployment benefits review & support
